

Certified Management Accountant (CMA)

The Growth in the world economy and the increased awareness amongst the business enterprises of the contribution made by the Accountancy professionals has widened the scope and has brought in tremendous opportunities. Qualified Professionals are appointed to hold key management positions with high emoluments, in various departments, and in the private public sector undertakings including multinational companies. With an ever increasing demand for consultants, independent private practice is also lucrative and highly rewarding in India and abroad.

In the competitive world of today, professionals recognize the need to be armed with additional qualification so that they can rise further in their career. As an accounting professional, you can give your career the required depth and dynamism through multiple certifications like CMA/CPA/CA, etc...

Institute of management Accountants (IMA) - USA, provider of CMA, is celebrating a land mark event this year - the 40th anniversary of the Certified Management Accounting (CMA) program; backed by more than 60,000 members across the world.

CMA's are highly paid and respected members of the account-

ing community. They play an important role in advising upper level management. The designation has been designed to recognize the unique qualifications and expertise of those professionals engaged in management accounting and financial management. The examinations for CMA are administered by the Institute of Management Accountants (IMA) in over 200 locations across the world including India-(Kerala, Trivandrum). CMA is a computer - administered, on-demand exams with 75% of the questions being objective and 25% descriptive. Anybody who completed degree or pursuing degree can do CMA and can appear for CMA exams.

The CMA credential delivers tangible value through real world relevance, employer recognition and upward career mobility. It demonstrates command of critical accounting and financial management skills demanded by today's dynamic business.

On an average, a student takes only about a year to clear CMA exams. According to IMA; the candidates with CMA qualification gets about 2500 dollars (Rs.1.25 lac) salary per month.

In accordance with the MoU signed in 2009 between IMA (USA) and ICWAI (Institute of

Cost and Works Accountants of India), both certifications are considered equivalent.
